基礎加油站 Concept Station

基礎加油站 應用題可以牽涉加法，也可以牽涉減法。

例題 1

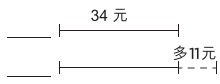

小李有 34 元，小強比小李多 11 元。小李和小強共有多少元？

小李和小強共有：

$34 + 34 + 11$

$= 68 + 11$

$= \underline{\hspace{2cm}}$ (元)

先找出小強擁有的錢，再將兩個數字進行加法。

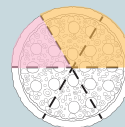

Concept Station

Example 1

There is a large pizza. Mary eats $\frac{1}{6}$ of it and William eats $\frac{2}{6}$ of it. What fraction of the pizza do they eat altogether?

$\frac{1}{6} + \frac{2}{6} = \frac{\square}{6}$

In addition of fractions with the same denominator, add the numerators without changing the denominator.

They eat $\frac{\square}{6}$ of the pizza altogether.

基礎練習站 Practice Station

先分辨情境是 均分 還是 包含，然後在方格線上填上適當的數。

1. 媽媽準備了 20 件糖果給 5 個小朋友，每個小朋友可以分到糖果多少件？

這情景是 (均分 / 包含)

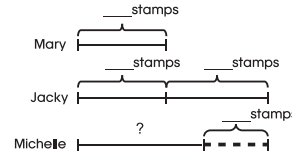

每個小朋友可以分到糖果 $\underline{\hspace{2cm}}$ 件。

2. Mary has 138 stamps, Jacky has 210 more stamps than Mary, and Michelle has 105 fewer stamps than Jacky. How many stamps does Michelle have?

$\underline{\hspace{2cm}} + \underline{\hspace{2cm}} - \underline{\hspace{2cm}}$

$= \underline{\hspace{2cm}}$ (stamps)

Michelle has $\underline{\hspace{2cm}}$ stamps.

進階挑戰站 Challenge Station

1. 一家玩具工廠在第一天生產了 500 件玩具，第二天比第一天多生產了 100 件，第三天生產的數量是前兩天總和的 2 倍。玩具工廠這 3 天總共生產了多少件玩具？

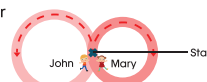

2. John and Mary are running on two connected circular tracks. John takes 250 seconds to run one lap. It takes 200 seconds for Mary to run one lap. As shown in the picture, they start at the same position and run in the direction of the arrow until they meet again at the starting point. How many seconds have they run when they meet again? How many laps have they run respectively?

When they meet again, they have run for $\underline{\hspace{2cm}}$ seconds.

John has run $\underline{\hspace{2cm}}$ laps, and Mary

has run $\underline{\hspace{2cm}}$ laps.

Tip: List each person's time to run a lap in order, and find the first common time. This is the time when they meet again.

3 閱讀策略 Reading Comprehension Strategies

另於課程內教授各種實用閱讀技巧，從文章排序、對比、因果關係中找出文章重點，提升學生理解文章的能力。另設超過80本英文圖書，加強學生閱讀能力。

To improve reading comprehension skills, different reading strategies, including sequence, contrast, cause and effect, and identifying the main idea, are introduced in the booklets. Over 80 readers are available to support students' learning.

Sequence of Events

You have learned that the sequence is the order in which things happen. In a story or a process, there is a beginning section, a middle section, and an end.

Main Idea

A main idea is what a text is really about. The author often states the main idea near the beginning of a text. However, sometimes the main idea is stated later. To find the main idea, ask yourself, "What is this passage really about?"

Cause and Effect

A cause is something that makes something else happen. An effect is what happens as a result of a cause. Look for details that explain cause-and-effect relationships when you read.

Read the passage below and pay attention to the sequence of events.

A Perfect Couple

Jim is ten years old and he loves his parents, Nick and Mary. Nick and Mary want to school together. When they get, they were both walking on a science team. They were studying to be teachers. So, they were walking at the same school. They liked to be around each other. Nick asked Mary to go see a movie. That was the best movie ever. Today, Jim's parents still work at the same school!

Put the sentences in the correct sequence, from earliest to latest, by writing 1, 2, 3, 4, or 5 next to each one.

Jim was born.

Nick and Mary went to the same school.

Nick asked Mary to go see a movie.

Nick and Mary were teachers.

Nick and Mary met while on a science team.

4 寫作技巧 Writing Practice

課程設有寫作練習課本，學生可跟著指引，運用課堂學到的生字寫成句子，再逐步組織寫成文章，活用寫作技巧。

Writing booklets with structured practice provide step-by-step guidance for a range of text types to make writing enjoyable.

Prewriting

To get ready to write, fill out an opinion text graphic organizer. Use the Helpful Words if you wish. Hint: Your topic introduction and opinion statement can be in one sentence or two separate sentences.

First Draft: Part 1

You will use the prewriting activity you did on page 1 to write your first draft of a paragraph about something that happens when a character's best friend moves away. Be sure to:

Review the elements of good narrative writing.
